

baseboxes

baselite basebox

main features

Die cast aluminium alloy LM6 Base flanges include holes for fixing with ragbolts if required.

Cable entry through rear of basebox sealed by heat shrink sleeves, cold shrink sleeves, cable entry seal, or cold pour compounds. Gland fitting options or cable entry aperture.

Fixed lid with four stainless steel bolts or quick release lid with 2 tri head bolt fixing.

Haldo produce one size of base box which fit all locations, and bodysHELLs making stocking easier. You can interchange lids light trays and bodysHELLs according to each application.

Lifting out light tray simultaneously disconnects it both mechanically and electrically.
