

Electrical Enclosure

E2 Single Door Cabinets

The classic Haldo hinged door cabinet is a durable anti vandal cabinet which offers many customisable options.

From door locks, to steel thickness to paint finish, the E2 cabinet can do the job you want it to do.

As standard the cabinet is manufactured in 3mm mild steel, galvanised to BS EN ISO 1461 and comes complete with ply back board and Tri Cam locks. Single door cabinet sizes start with the E2 slim line at 200mm wide up to the E2-g10 at 1.1m wide.

Standard Specification:

- 3mm mild steel
- Hot dip galvanising to BS EN 1461
- Detachable plinth for root mounting
- Stainless steel Anti Vandal hinges
- 12mm ply backboard
- Door seal to IP 65
- Earth cable from Door
- Tri Cam locks as standard
- Warning sticker
- Key included
